Concessions granted in connection with the purchase of Irrigation Pumps on Hire-purchase System.

READ—

Government Order No. E. D. S. 661-3, dated the 7th October 1937, in *re* Hire-purchase Rules relating to the Irrigation Pumps.

ORDER No. E. D. S. 3040-51, DATED BANGALORE, THE 24TH JUNE 1939.

During the course of the discussion in the Representative Assembly Session of May—June 1939, a representation was made that facilities at present offered by Government for the installation of irrigation pumps under the Hire-purchase System should be extended and liberalised. Under the existing rules, 50 per cent of the cost of the installation has to be paid by the consumer before the work is started and the balance is payable in two equal annual instalments. The rate of interest which was six per cent was reduced to five per cent two years ago. In order that irrigation pumps may be more largely used, Government are pleased to reduce the rate of interest referred to in para 2 (3) of the Government order of 1937, from five to four per cent per annum for a period of two years in the first instance. They further direct that the Chief Electrical Engineer be allowed the discretion to extend the period of repayment up to a maximum of five years in suitable and deserving cases instead of two years mentioned in para 2 (2) of the Government order dated 7th October 1937.

2. The other rules and conditions mentioned in the above Government order will continue to remain in force.

H. N. COLAM,
Secretary to Government,
Electrical Department.
